

Completely Authentic Insight Based on

2012 Comprehensive Primary Survey
 Extensive Secondary Research
 Insider Insights
Segment Expert information

Not just Present Status & Capability

Learn important Industry Nuances
 Get trends of consumption / production / exports & Imports
 Supply trends & forecast (incl. **import of SS containing product**)
 Future demand supply balance opportunities Insights

Who should buy this report?

Stainless Steel Producer
 Down Stream Processor
 Industry Analyst
 Banks and Lending Institution
 Raw Material Suppliers
 Those Interested In Supply And Usage Tend

Get the Complete Insight of Indian Market

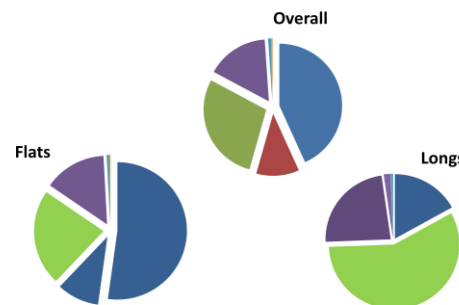

Current SS Consumption (2012)

India is one of the largest producers of SS constituting around 9% of the world production and is ranked 4th and inching to be the third largest producer.

Broad Contents of the Report

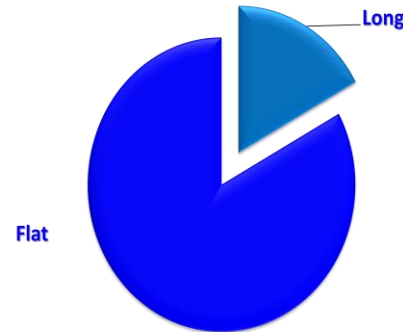

Current SS Consumption

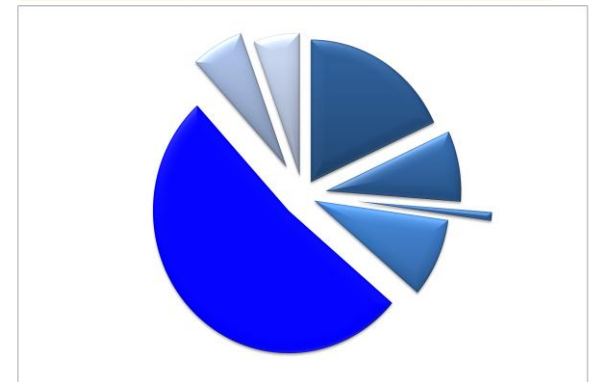

Current SS Consumption

- A. Product Profile
- B. Consumption Profile
- C. Market Practices and key Industry issues
- D. Future demand and supply trends
- E. Stainless Steel demand forecasts (Next 5 years)
- F. Opportunities in Indian market

Current SS Production

Industry Capability Profile >>>

SS Primary Products	No of units	In 000 tons		Capacity Utilization
		Capacity	Production	
Flats (slabs, Cr- Mn Ingots)				
Longs- Billets				
Rolled Products-				
HR				
CR				
UG Flats-Re rollers				
WRs/Bars/Rounds				
Welded Pipes				
SS Secondary Products-Longs				
Wires, Bright Bars, Angles , shapes and Forgings				
Mother hollows				
Cold seamless tubes				

SS Forecast: Consumption

SS Consumption (Flats & Long) by End Use Sectors >>>

End Use Sector	2012	2017	CAGR
Process industry and Power			
Engineering			
Electro Mechanical industries			
ART			
Cookware and durables			
ABC			
Miscellaneous			
Total
